

Plans for Alternative Provision

at Airedale Academy

We are entering the next phase of our joint planning to ensure that additional local capacity is provided for our children.

Our Vision:

- To create a world in which every child can flourish, dream and succeed, whatever their background or circumstances.
- To equip every child with the skills they need to contribute effectively to society and become well-rounded, confident, happy adults.
- To recognise the uniqueness of every young person and their needs.
- To ensure every young person receives the support they need to fulfil their potential.

A small alternative provision located within our Trust will support us in achieving our vision and in providing tailored support and intervention strategies to address their specific needs.
