

**Airedale**  
Academy

**HEALTH AND SOCIAL CARE LEVEL 3**

**Year 11 into 12 Transition Work**

Welcome Year 11  
to your first  
experience of the  
type of work that  
we will be asking  
you to complete  
on the Level 3  
Extended  
Diploma in  
Health & Social  
Care

This work is aimed at helping you to engage with this subject whether or not you have taken Health & Social Care at Level 2. It is focused on the NHS which is right at the forefront of our lives at the moment and is something that we will require you to learn a lot about.

Feel free to do this as quickly or as slowly as you wish. If you would like to send it to me by e mail feel free to do so using [eharrap@teacher.airedaleacademy.com](mailto:eharrap@teacher.airedaleacademy.com) or you can show us what you have done when you return in September. Please don't feel under pressure to complete it as we know that it is difficult for some of you at the moment.

I am hoping that this will also be available on our web site in the near future.

Regards Liz Harrap, Head of Sixth Form.

Claire Shillito Head of Health & Social care

**Thank you**  
**to our amazing NHS staff**

*#thankyouNHS*

On 'The front line' .....

- What does it mean when people talk about being 'on the front line'?

Government declares a 'pandemic' .....

- What does it mean when people talk about the situation as a pandemic?

Research a list of Health and Social Care jobs/ medical terms for each letter of the alphabet

THE NEW  
**NATIONAL  
HEALTH  
SERVICE**

**Your new National Health Service begins on 5th July. What is it? How do you get it?**

It will provide you with all medical, dental, and nursing care. Everyone—rich or poor, man, woman or child—can use it or any part of it. There are no charges, except for a few special items. There are no insurance qualifications. But it is not a “charity”. You are all paying for it, mainly as taxpayers, and it will relieve your money worries in time of illness.

# History of the NHS

Make a leaflet outlining the history of the NHS

Include sections on:

- Healthcare before the NHS
- When/ why the NHS was produced
  - What the NHS does
- Significance of the NHS
- How is the NHS different in other countries

Job Role	Definition	Roles and Responsibilities	How do they respond in a pandemic?
District Nurse			
Auxiliary Nurse			
Palliative Care			
Phlebotomist			
Domiciliary Carer			
Adult Social Worker			

# True or False?

A district nurse will only work with the elderly.

A palliative care nurse will get involved with everyone who gets coronavirus.

Domiciliary carers provide care in the home.

Auxiliary nurses help support other nurses to do their roles.

Only phlebotomists are allowed to take blood.

Adult social workers support people with poor mental health.

# Research task

Chose a professional from the following:

- Midwife
- Paramedic
- Paediatric nurse
- Nutritionist
- Physiotherapist

Create a fact file for your chosen job role

You could include:

- A day in the life of.....
- General roles and responsibilities
- Routes into the role/ qualifications required
  - Skills & qualities
  - Average pay
  - Where they work
  - Who they work with

And anything else you think may be suitable

If you find that you would like to continue to do some independent research into this subject here are some of the areas that you will study in Year 12 and 13, feel free to do some research of your own.
