

11 October 2024

Dear Parent / Guardian,

GCSE Combined Science: Physics Equation Sheet Consultation

Ofqual invites your views on proposed adaptations to the assessment of GCSEs in mathematics, physics and combined science for students in England taking exams in 2025, 2026 and 2027.

Please click on the link to complete the survey: <https://ofqual.citizenspace.com/public/gcse-maths-physics-and-combined-science-2025-7/consultation/subpage.2022-09-20.8715115722/>

The consultation closes on **17 October 2024** at **11.45pm**.

If the consultation is successful, students will be provided with an additional Physics Equation Sheet, which means they will not have to memorise the equations for their exams.

Please don't hesitate to contact me if you have any questions.

Yours faithfully,

Mr S. Miller
Director of Science
